Re: Secretary
Dear Mr. Nobel,

I have seen your advertisement for secretaries in El-khabar newspaper and would like to apply for the job.

My name is Redha Meziani and I am 33 years old. I have graduated from the faculty of computer sciences at " Bab Ezzouar University" in 2009. In addition to my diploma of informatics, I studied English for other 3 years at " the University of Algiers 2", so I think that my level in English is fairly good for the job. At the same time, I was taking training courses of communication in order to improve my social skills in dealing with people.

My friends call me a "book worm" because I always read books in my free time. I was a member in the books club in "the University of Algiers 2" where I met lot of people and enjoyed exchanging ideas with them. I am very passionate of learning languages, for the moment I am taking courses of German. I would like to inform you as well that I am a well-organised person who prefers to do his tasks at time.

I had occupied the post of secretary-assistant in a public office for 18 months from March 2010 to August 2011. At the present time, I am working in a private cyber-café where I deal with administrative documents, business like papers, researches and other services.

I attached two letters of reference which approve my good conduct, my resume and my 2 diplomas. Regarding the experience I have in using computers and speaking English; I believe I would have a great chance to be accepted as your secretary. Looking forward your positive reply soon.

Your sincerely,
Recharge Meziani
